

**UPPER MORELAND TOWNSHIP**  
**Community Development Committee Meeting**  
**June 15, 2020 at 7:00 p.m.**

*AGENDA ITEMS ARE SUBJECT TO CHANGE*

**INSTRUCTIONS TO JOIN:**

***Conference Call:*** Dial-in number (US): (425) 585-6384 - Access code: 230-620-955#

**SUBMIT COMMENTS/QUESTIONS:**

E-mail in advance or during the meeting to: [comments@uppermoreland.org](mailto:comments@uppermoreland.org)

Call in advance (during normal business hours) to 215-659-3100 x1058 or x1057

*\*\*Residents requiring special accommodations, please call the Township during normal business hours\*\**

---

**Community Development Committee Members:** Commissioner and Committee Chair Joseph A. Lavalley; Commissioner Kevin Spearing and Commissioner Kip McFatrige; Township Staff Committee Members: Paul E. Purtell, Director of Code Enforcement and David Elsler, Director of Public Works.

- I. Moment of Silent Meditation**
- II. Pledge of Allegiance**
- III. Call to Order**
- IV. Announcements**
- V. Roll Call**
- VI. Approval of Minutes – May 11, 2020 (attachment)**
- VII. Old Business:**
  - A. Fair Oaks Park Basin design recommendations provided by Jim Hersh, Township Engineer (attachments).
  - B. ARLE Grant recommendations provided by Anton Kuhner, Township Transportation Engineer and Dave Elsler, Director, Public Works (attachment).
  - C. Montco 2040 Wayfinding and Signage Project – Discussion led by Matt Candland
- VIII. Land Development/Subdivision**
- IX. New Business:**
  - A. Carson Simpson Farm Streambank Stabilization Project - Discussion led by Jim Hersh, Township Engineer (attachment).
- X. Presentations**
- XI. Acceptance and Approval of the following monthly reports for May (attachments):**
  - A. Code Enforcement Department Reports
  - B. Public Works Department Report and Recycling Report
  - C. Engineer's Report
  - D. Landscape Architect's Report

- E. Traffic Engineer's Report
- F. Upper Moreland School District – Construction/Other Items
- G. Horsham Land Redevelopment Authority {HLRA} – to monitor status of redevelopment of former Willow Grove Naval Air Station property
- H. Environmental Advisory Council {EAC}
- I. Pennsylvania Review Advisory Council
- J. Upper Moreland Historical Commission

**XII. Other Items**

**XIII. Redevelopment**

**XIV. Visitor Comments**

**XV. Commissioner Comments**

**XVI. Adjournment**

**UPPER MORELAND TOWNSHIP  
Community Development Committee  
May 11, 2020 - Meeting Minutes**

**Community Development Committee Members** - Commissioner and Chair Joseph A. Lavalley; Commissioners Kip McFatrige and Kevin Spearing; Paul E. Purtell, Director of Code Enforcement; David Elsier, Director of Public Works

- I. **Moment of Silent Meditation:**
- II. **Pledge of Allegiance**
- III. **Call to Order** - The meeting was called to order remotely via audio call, by Commissioner and Committee Chair Joseph A. Lavalley.
- IV. **Presentations/Announcements** - nothing to report.
- V. **Roll Call:** Commissioner and Committee Chair Lavalley, Commissioners Spearing and McFatrige. Members: Mr. Elsier. Absent: Mr. Purtell. Also, present: Matthew H. Candland; Township Manager; James Hersh, Township Engineer; Sean Kilkenny, Township Solicitor.
- VI. **Approval of Minutes** – April 14, 2020: The meeting minutes were unanimously approved as submitted.
- VII. **Old Business** - nothing to report.
- VIII. **Land Development/Subdivision** - nothing to report.
- IX. **New Business:**
  - A. Consider recommending to the Board of Commissioners the YMCA’s proposal to amend the Schedule of Improvements included in the agreement between the YMCA and the Township.
    - Commissioner Lavalley read the items amended in the agreement.
    - Frank and Kathleen Carver, 3045 Davisville Road, commented on access to their property regarding the flood gates. Commissioner McFatrige stated that homeowners would not be able to access their property if the flood gates are down. The Committee discussed operational details of the flood gates and confirmed that only emergency personnel and police would have management of the gates.
    - Lynnette Saunders, Chair of the Environmental Advisory Council, inquired on the purpose of the flood gates. Anton Kuhner, Township Transportation Engineer, stated that in emergency situations, vehicular traffic would be prohibited from entering Davisville Road, which would be managed by the Township's Emergency Services.
    - Frank and Kathleen Carver, 3045 Davisville Road, commented on the extension dates and also inquired about the Carson Simpson Temporary Construction Easement and the YMCA's payment per the terms of the agreement. The Committee agreed that funds should be used to secure necessary streambank stabilizations in the area affecting the Carson Simpson Farm and YMCA development.
    - Mr. Candland stated that the Township will follow up with the YMCA for a verification that no contractor, other than PECO, will be permitted to enter private residences to relight appliances.

**UPPER MORELAND TOWNSHIP**  
**Community Development Committee**  
**May 11, 2020 - Meeting Minutes**

- Commissioner Spearing stated that the YMCA needs to provide verification that the YMCA's contractor will not perform work on Verizon's manholes.
  - The Committee recommends the Board take action at the June 8, 2020 Regular Meeting, on the Schedule of Improvements included in the agreement between the YMCA and the Township.
- b. Consider recommending to the Board of Commissioners an Installation & Maintenance Agreement between the Township and Joseph Muscara 2012 Trust for a proposed Small Flow Treatment Facility (SFTF) located at 3232 Masons Mill Road.
- Commissioner Spearing inquired about the Department of Environmental Protection (DEP) testing the discharge, the responsibility of the homeowner, and should testing be included in the Maintenance Agreement. Mr. Hersh stated that it can be included, but testing is probably a condition of the permit with the Health Department.
  - Commissioner Spearing questioned if the owner could be required to participate in the municipal's system. Mr. Hersh stated that the owners may be required in the future to abandon the SFTF and make the connection.
  - Michelle Schetter, Schetter Environmental, confirmed that there is an annual inspection, post-construction, which is required by the DEP.
  - Commissioner Lavelle questioned the infiltration of the system in the event of a high-level stormwater situation. Mr. Hersh replied that the system is designed to be on the subsurface, will not generate runoff, and tanks will be water tight.
  - Lynnette Saunders, Chair of the Environmental Advisory Council, inquired on treatment of wastewater for removal of nitrogen, phosphorus and other substances. She also inquired on efficiency of the system and if it will be tested by the Township on a regular basis.
  - Sue Worth-LaManna, a resident, inquired on inspection of the SFTF since it is a flow area on Masons Mill Road.
  - Ms. Schetter replied that tanks will be water tight as specified by the manufacturer.
  - Commissioner Lavelle recommended researching the product further to determine the removal of substances or if a post-treatment attachment would be necessary.
  - Ms. Schetter replied that upload quality will comply with DEP standards and not violate the Pennsylvania Clean Streams Law for Water Quality Management Permit, the National Pollutant Discharge Elimination System (NPDES) Permit, and testing will be on a yearly basis.
  - Ms. Saunders commented that the State's testing standard is once a year. Commissioner Spearing suggested that the Township and stream watchers can also be implemented to monitor the the stream for discharge.
  - The Committee recommends the Board take action at the June 8, 2020 Regular Meeting, on the Installation & Maintenance Agreement between the Township and Joseph Muscara 2012 Trust for a proposed Small Flow Treatment Facility (SFTF) located at 3232 Masons Mill Road.

X. **Presentations** - nothing to report.

XI. **Acceptance and Approval of the following monthly reports for April:**

- A. Code Enforcement Department Reports (April 2019 and 2020) - nothing to report.
- B. Public Works Department Report and Recycling Report - nothing to report.
- C. Engineer's Report:

**UPPER MORELAND TOWNSHIP  
Community Development Committee  
May 11, 2020 - Meeting Minutes**

- Commissioner Spearing inquired on bid documents for Fair Oaks Basin. Mr. Hersh replied that documentation will be provided for the June 15, 2020 Community Development Committee Meeting.
- Commissioner Scull commented on noise coming from Acme Box Company. Mr. Hersh stated that the Company has not started construction. Mr. Candland stated that Mr. Purtell has been in contact with Acme Box Company and will provide an update.
- Frank and Kathleen Carver, residents of Davisville Road, inquired about improvements at Acme Box Company and suggested that they be shut down when there is excessive noise.
- Commissioner Spearing commented that Mr. Purtell reported that it was a random incident.
- The Committee discussed details of the Company's proposed construction and compliance with the new Codes.
- Commissioner Valenza commented that Mr. Purtell provided an update and issues should be resolved in another week.

D. Landscape Architect's Report:

- Commissioner Lavalley read the Fair Oaks Park Basin design update.
- Commissioner Lockard inquired if a copy of the Fair Oaks landscape plan has been provided to Lynnette Saunders, Chair of the Environmental Advisory Council. Mr. Hersh stated that once the plan is finalized, a copy will be forward to Mr. Saunders.

E. Traffic Engineer's Report:

- Mr. Candland stated that Upper Dublin Township received bids for the Welsh Road Traffic Adaptive System and recommended that the Rhythm Engineering In|Sync System be approved. Anton Kuhner explained that that the system was evaluated for cost, ease of implementation, warranty, and recommendations from other municipalities.
- The Committee and the Board of Commissioners directed Mr. Candland to send a letter of concurrence to Upper Dublin concerning its purchase of the Rhythm System for the Adaptive Traffic System project on Welsh Road.
- Commissioner Spearing requested an update on the Welsh Road traffic signal system be included in future monthly reports.
- Commissioner Spearing commented that feedback is pending from Horsham Township on the request for a joint submission of the Multi-Modal Grant application for Blair Mill Road and Easton Road. Mr. Kuhner replied that an update will be included in future monthly reports.

F. Upper Moreland School District – Construction/Other Items - nothing to report.

G. Horsham Land Redevelopment Authority {HLRA} – to monitor status of redevelopment of former Willow Grove Naval Air Station property - nothing to report.

H. Environmental Advisory Council {EAC} - nothing to report.

I. Pennsylvania Review Advisory Council:

- Commissioner Lavalley stated that subcommittees continue via conference calls to review the 2015 Code and the changes implemented in 2018 to move forward a potential adoption of the updated ICC Codes in the Commonwealth of Pennsylvania. A public meeting is pending further directive by Governor Wolf's office.

J. Upper Moreland Historical Commission - nothing to report.

XII. **Other Items** - nothing to report.

XIII. **Redevelopment** - nothing to report.

**UPPER MORELAND TOWNSHIP  
Community Development Committee  
May 11, 2020 - Meeting Minutes**

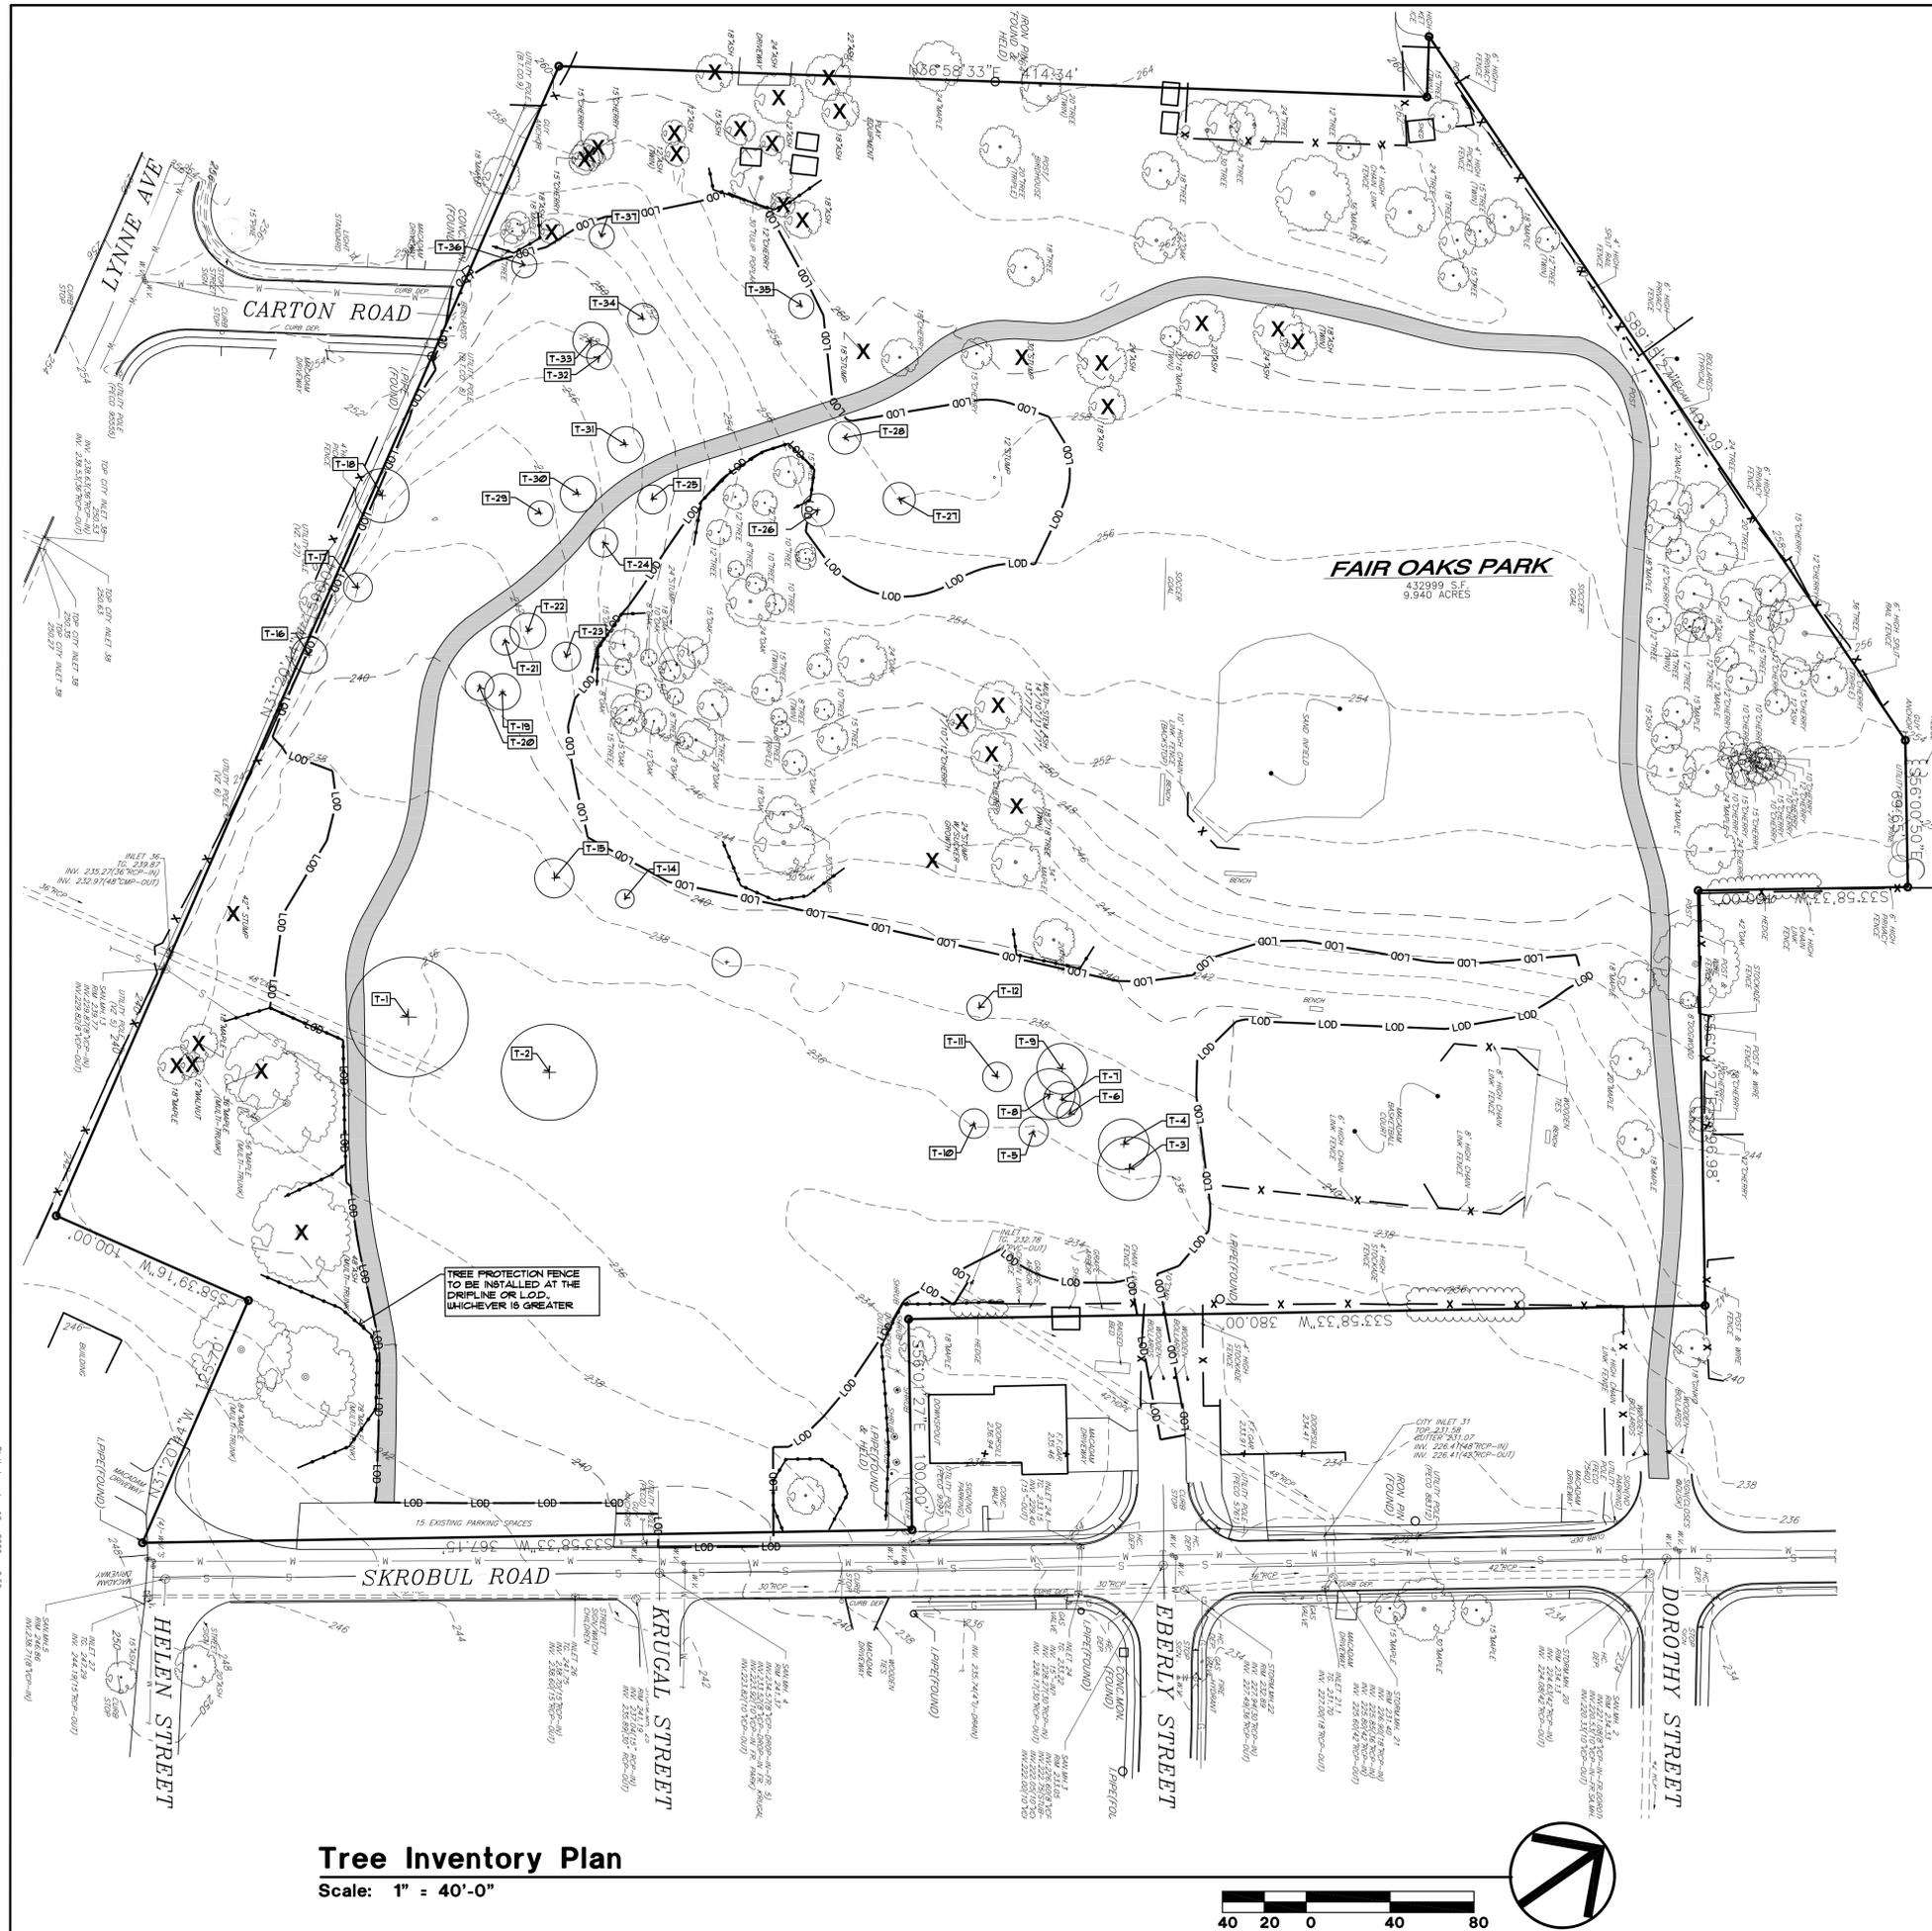

XIV. **Visitor Comments** - nothing to report.

XV. **Commissioner Comments:**

- Commissioner Spearing commented on future upgrades to aging sewer laterals throughout the Township. Specifically, there are issues related to the maintenance and extension of sewer services in areas currently not served. The Committee will continue a discussion at the June 15, 2020 CDC meeting about related costs and updating the Township's 537 Plan.
- Commissioner Spearing reminded the public that polling locations have changed in some precincts, voting by mail is strongly recommended, and the public can sign-up for a ballot online through Montgomery County.
- Commissioner McFtridge commented that it is questionable whether a person can go "in person" to a polling location to vote once they have registered online for a mail-in ballot.
- Commissioner Scull commented safety concerns on parades organized to celebrate events.
- Commissioner Whiting announced that the Public Health & Safety Committee Meeting will be held via audio conference call on Monday, May 18, 2020 at 7:00 p.m.

XVI. **Adjournment** - There being no further business to discuss, the meeting was adjourned at 8:25 p.m.

Respectfully submitted by Kathleen Kristire.

### Tree Inventory Plan

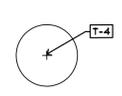

Scale: 1" = 40'-0"

T-37	12	ASH, MULTI	DEAD, BEYOND RECOVERY

\* Tree inventory based on field observations by McCloskey & Faber, P.C. on 11/8/2019, 11/21/2019 & 5/22/2020

Heritage trees within LOD (7)  
 Trees 24-36" within LOD (5)  
 Trees 8-24" within LOD (25) minus (8) observed as Dead/Beyond Recovery = 17  
 Total "live" trees within LOD (various observed conditions) = 29  
 Total trees outside LOD (Dead/Beyond Recovery) to be removed = 32 (includes 3 stumps)

### Plan Legend

-  Existing Trees to be removed within the LOD
-  Existing Trees to be removed outside the LOD (Dead/Beyond recovery) (Bid Add Alternate)
-  Existing Trees to remain
-  Proposed Tree Protection Fence

**Base Information Note:**  
Base information shown, provided by Gilmore & Associates, Inc. 'Existing Features & Demolition' Plan, Job No. 2014-08039, dated 2-2-15 and field observations conducted by McCloskey & Faber, P.C. on 11-8-2019, 11-21-2019 and 5-22-2020.

All shrub, groundcover, and tree locations to be staked out by Project Landscape Architect prior to installation.

**Proposed Species Legend**

- N NATIVE
- A ADAPTIVE
- B BIRD-FRIENDLY
- F FALL-DIGGING HAZARD

**SHADE TREES**  
50 total proposed

- ▲ IRONWOOD (N, B, F)
- ◻ SHAGBARK HICKORY (N, B)
- TULIPTREE (N, B, F)
- ▲ BLACK GUM (N, B, F)
- HOPHORNBEAM (N, B)
- PIN OAK (N, B)
- WILLOW OAK (N, B, F)
- ◻ NORTHERN RED OAK (N, B, F)
- ▲ SASSAFRAS (N)
- ▲ BALD CYPRESS (N)
- ◻ AMERICAN ELM (N, B)

**EVERGREEN TREES**  
21 total proposed

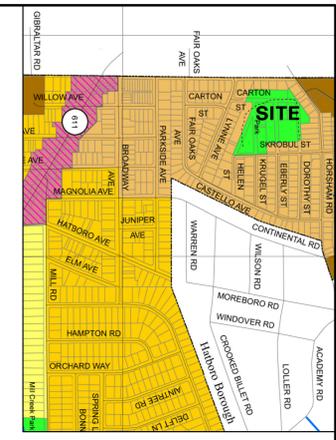

- ⊗ AMERICAN HOLLY (N, B)
- ⊗ EASTERN RED CEDAR (N, B)
- ⊗ NORWAY SPRUCE (A)
- ⊗ WHITE SPRUCE (N)
- ⊗ WHITE PINE (N, B)

**ORNAMENTAL TREES**  
13 total proposed

- ⊕ SHADBLOW SERVICEBERRY (N, B)
- ⊕ SOURWOOD (N)

**SHRUBS**  
224 total proposed

- RED CHOKEBERRY (N, B)
- SUMMERSWEET CLETHRA (N)
- WITCHHAZEL (N, B)
- INKBERRY (N)
- WINTERBERRY (N, B)
- ITEA (N)
- SPICEBUSH (N, B)
- BAYBERRY (N, B)
- ELDERBERRY (N, B)
- ARROWWOOD VIBURNUM (N, B)
- NANNYBERRY VIBURNUM (N, B)
- BLACKHAW VIBURNUM (N, B)
- CRANBERRY BUSH (N)

**Location Plan**

**STORMWATER MANAGEMENT AREA**  
proposed vegetation

- ▨ LOW MAINTENANCE RETENTION BASIN FLOOR SEEDING
- ▨ NATIVE DETENTION AREA SEEDING
- ▨ LOW GROWING WILDFLOWER AND GRASS SEEDING

**FOREBAY and BIO-FILTRATION BASIN SEEDING SCHEDULE**

Symbol	Seed Mix	Area +/-	Erosion Control Matting	General Comments
<b>BASIN SEED MIXES</b>				
▨	ERNST SEEDS "RETENTION BASIN FLOOR MIX - LOW MAINTENANCE"	13,100 SF +/-	NORTH AMERICAN GREEN S150	TO BE SEEDED AT THE RATE OF 40 LBS PER ACRE
▩	ERNST SEEDS "NATIVE DETENTION AREA MIX"	22,00 SF +/-	NORTH AMERICAN GREEN S150	TO BE SEEDED AT THE RATE OF 20 LBS PER ACRE
▧	ERNST SEEDS "LOW-GROWING WILDFLOWER AND GRASS MIX"	43,200 SF +/-	NORTH AMERICAN GREEN S75	TO BE SEEDED AT THE RATE OF 40 LBS PER ACRE

**Basin Seeding Specifications:**

- Seeding areas designated on the Landscape Plan to be seeded wet meadow shall be fine graded, adding topsoil provided on site as necessary to create a smooth surface, mown, slit-seeded, raked or rolled, and maintained until accepted by the Owner.
- Remove litter, debris, and rock greater than one inch in diameter from the areas to be mowed if it impedes mowing or creates a hazard. Contractor is responsible for damages incurred to equipment as a result of mowing.
- Basin Seeding: All proposed seeding rates are in pure live seed (PLS). Seed of the required wildflower and grass varieties shall be supplied in sealed containers with supplier's guaranteed analysis of the contents, including weight, variety, and minimum PLS (pure live seed). Seeding rate shall be as specified in the FOREBAY and BIO-FILTRATION BASIN PLANT SCHEDULE, supplied by Ernst Conservation Seeds, Meadville, PA (800-873-3321) or approved equal plus 10 bulk lbs. per acre, annual ryegrass seed.
- If seeds are not premixed to the required formula by one seed supplier, carefully weigh and mix by an approved mechanical method, the wildflower and grass seed to match specified species and weights shown by Ernst Conservation Seeds on current mix specifications.
- Where grading of soils is not required and turf or other plant growth exists within areas to receive naturalized seed mix, treat area(s) with "Rodeo" or other appropriate herbicide and then when vegetation is eliminated, cut vegetation close to ground-level prior to seeding. Do not till soil, which may result in bringing weed seed to the surface. The seed depth is to be 1/2 inch with good soil contact. A drill seeder with press wheels is to be used unless slopes are too steep for equipment. Good soil contact is very important.
- Seeding: Sow meadow seed mixes at the specified rates. Add equal volume of sand or generic kitty litter for even spreading. Lawn roll or rake after seeding, but do not cover seed with soil in excess of three times the thickness of the wildflower seed.
- Develop seeded area to exhibit a close stand of accepted vegetation with no bare soil areas greater than four inches in diameter. If required, the contractor shall reseed, reseed, etc. areas which fail to show a uniform stand of seed vegetation until a satisfactory stand of meadow is achieved.
- Maintenance: Seeded areas shall be maintained by the Landscape Contractor until full germination is accomplished and the area is accepted by the Owner. The Contractor shall maintain all seeded areas in first-class condition from the beginning of landscape construction until that phase of the project has been inspected and accepted by the owner. After that acceptance, the Owner shall maintain the work. Maintenance shall include, but not be limited to watering of seeded areas, mowing, cultivation, weed control, disease and pest control, replacement of dead or unacceptable materials, filling under settlement areas, reseeding washouts, and any other procedure consistent with good horticultural practice necessary to insure normal, vigorous and healthy growth of work under this contract.
- Reference Post-Construction Stormwater Management Plans/Details for further information regarding maintenance of Basin seeding areas for the first and second growing season.
- Monitor areas for intrusion by invasive plants such as thistle. Eliminate invasive plants by spot mowing, spot spraying or wick application of an appropriate herbicide, or manual or mechanical weeding/pulling. A combination of strategies may be the best approach. Do not use herbicides within 50 feet of streams.
- The Landscape Contractor shall guarantee the seeded areas for eighteen (18) months from the date of completion and acceptance by the Owner.

**\* PLANT SCHEDULE NOTE:**  
Quantities of plant materials and related materials shown on drawing schedules are for the convenience of the contractor and may indicate a quantity less than required to perform the installation. Where spacing of plant material is indicated, plant spacing shall govern over quantity indicated. Where a quantity of plant material is indicated on plans, this quantity shall be interpreted as a minimum calculated quantity. In no case shall a quantity of plant material be installed that is less than the quantity shown on the plant schedule or the plans. The contractor shall be responsible to determine the quantity of plant materials required and shall be required to install that quantity of material.

All shrub, groundcover, and tree locations to be staked out by Project Landscape Architect prior to installation.

BEFORE YOU DIG ANYWHERE IN PENNSYLVANIA CALL 1-800-242-1776. NON-MEMBERS MUST BE CONTACTED DIRECTLY. PA. ACT 172 (1986) REQUIRES THREE WORKING DAYS NOTICE TO UTILITIES BEFORE YOU EXCAVATE, DRILL, BLAST OR DEMOLISH.  
OSHA 1926.651 Special Excavation Requirements  
(c) Prior to starting an excavation, effort shall be made to determine whether underground utilities are present. Before beginning an excavation, electric lines, etc. shall be located and marked. Where the location of underground utilities is not known, the contractor shall be responsible for determining the location. Where the excavation approaches the estimated location of such an installation, the exact location shall be determined and when it is determined, proper precautions shall be taken to protect the installation. The contractor shall be notified of the location of any underground utility prior to the start of actual excavation.

## MEMORANDUM

**TO:** Board of Commissioners  
Upper Moreland Township

**FROM:** Anton Kuhner, P.E.  
Joseph DeSantis, P.E., PTOE

**DATE:** June 11, 2020

**RE: 2020 ARLE Grant**  
York Road (S.R. 0611)\Davisville Road (S.R. 2042)  
York Road (S.R. 0611)\Easton Road (S.R.0611\County) 2009)  
Traffic Signal Improvements  
McMahon Project No. 806056.11

McMahon is providing this memo in regards to the 2020 ARLE grant application period. PennDOT is now accepting applications for projects through July 1, 2020. Based upon coordination with PennDOT and in conjunction with the Stations at Willow Grove project, PennDOT suggested operational improvements at the intersections of York Road \ Davisville Road and York Road \ Easton Road for improved operation and coordination with the SEPTA rail crossing. The Township had received a grant for these improvements under the 2018 Green Light Go Grant; however, in May PennDOT withdrew the grant due to funding shortfalls related to Covid-19. Our office recommends submitting an ARLE application for the same improvements.

Specifically, PennDOT identified the following improvements for consideration by the Township:

- Physically connect the controller at the intersection of York Road and Easton Road to the adjacent traffic signal at Davisville Road. Currently, the intersections are connected via spread spectrum radio.
- Physically connect the controller at the intersection of York Road and Easton Road to the train controller.
- Implement a train pre-emption phase at York Road and Easton Road to clear northbound traffic from the tracks.
- Modify controllers at both intersections to include additional safety features for connection to the train crossing (i.e. gate down circuitry, test switch, etc.).

- Addition of a pedestrian crossing on the western leg of Davisville Road.

It was estimated by PennDOT that the improvements could cost in the \$200,000-\$300,000 range. It is also our understanding that JG Petrucci has provided \$40,000 towards the Township match for the project. This is in addition to the traffic impact fee that was determined for the development.

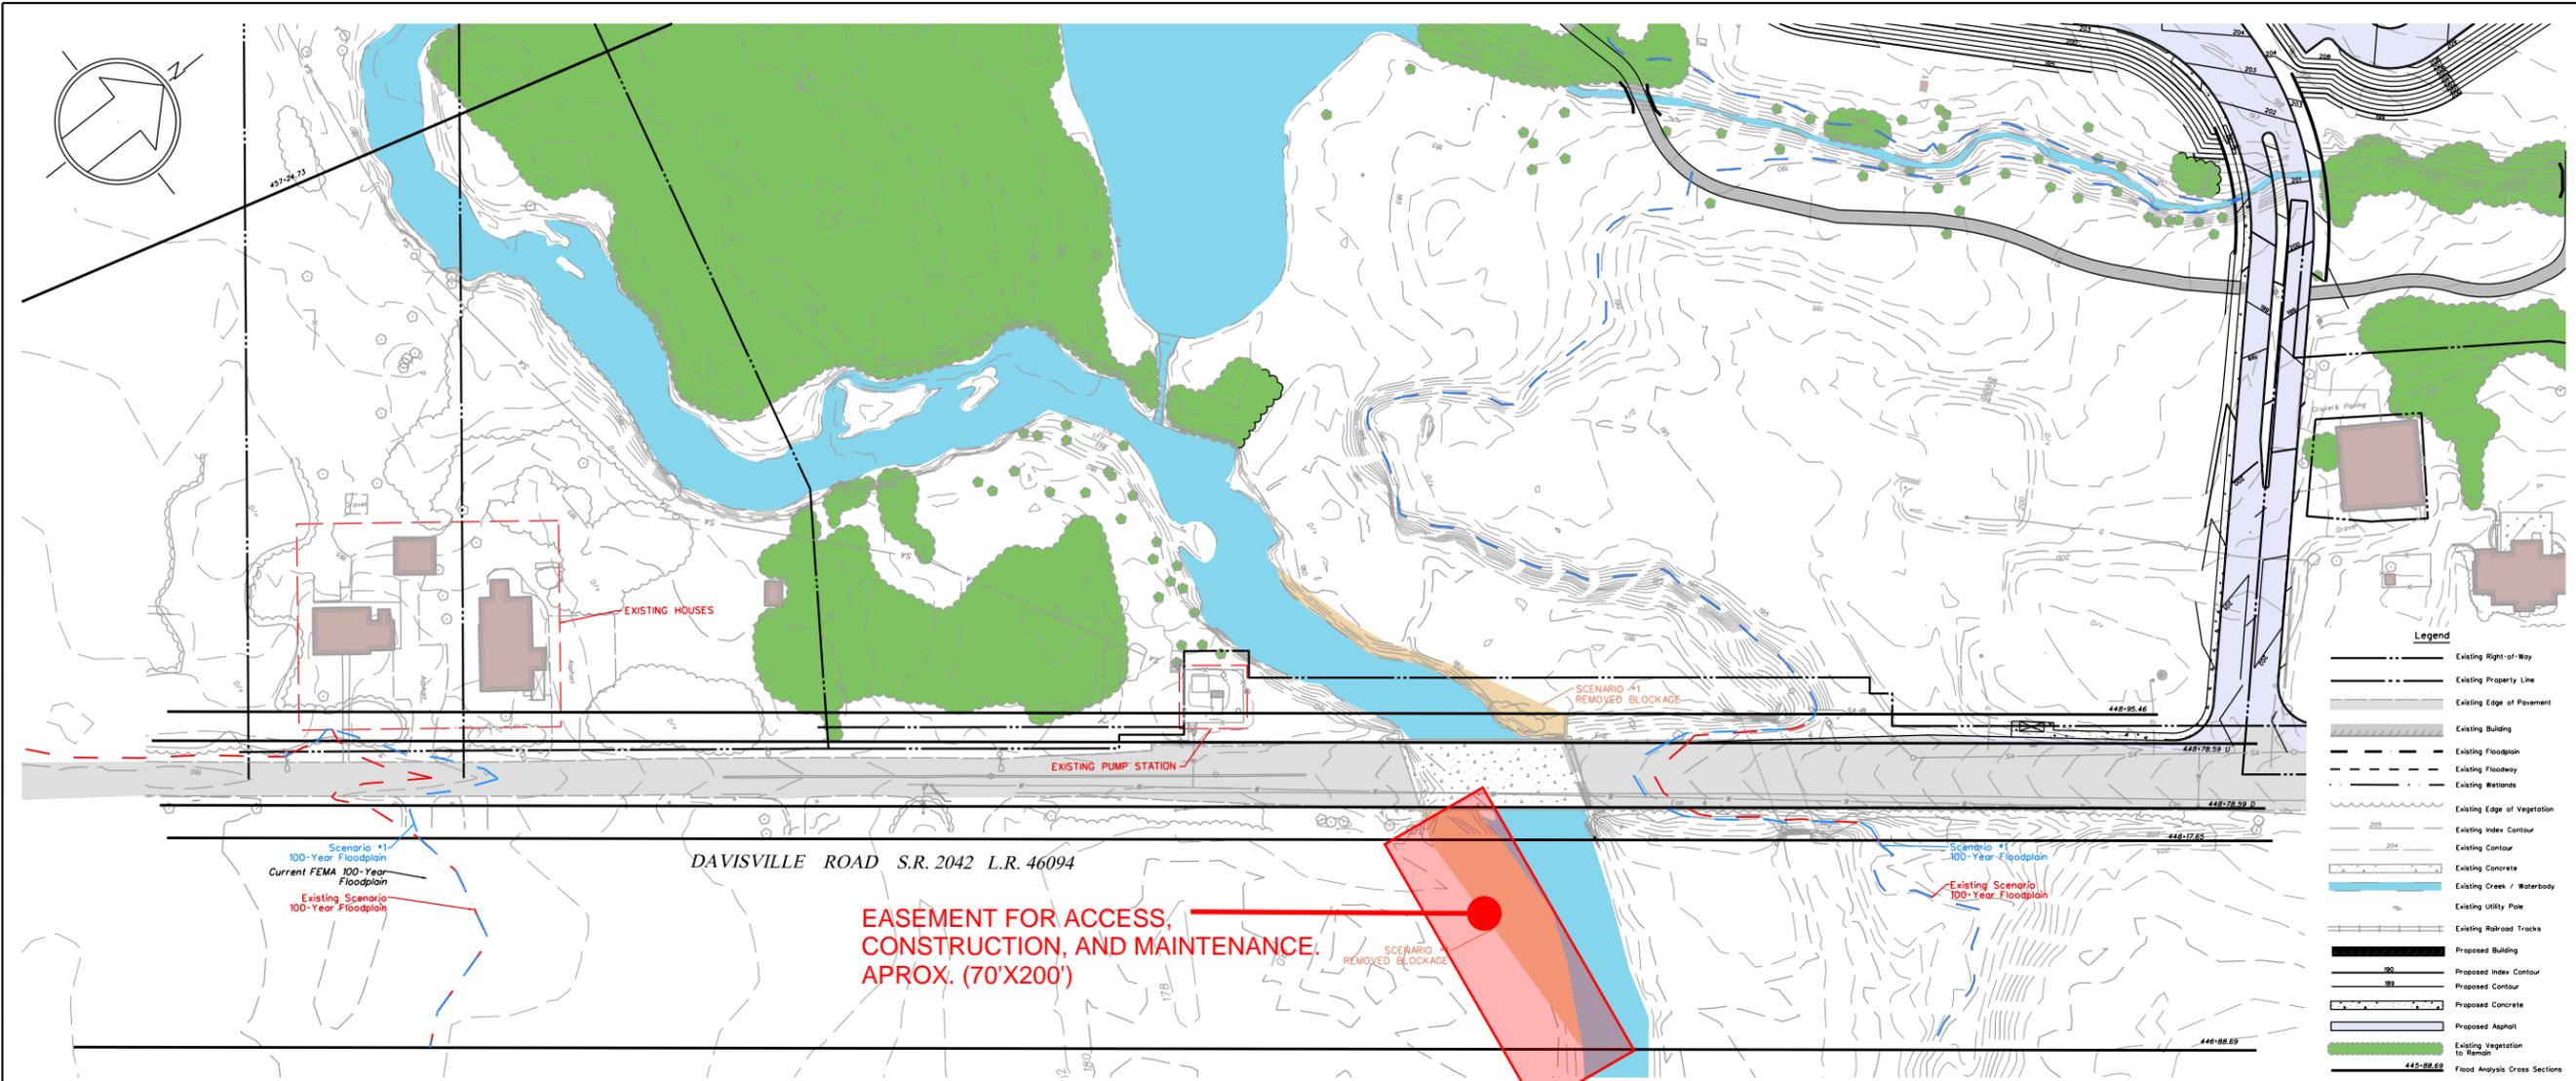

If the Township desires to move forward with the submission of an application, the following items will need to be prepared \ completed:

- Preliminary scoping form submission to PennDOT District 6-0 Traffic Unit
- Update detailed cost estimate
- Completion of a funding commitment letter by the Township. A resolution is not required.
- Preparation and submission of the online application by July 1, 2020.

If you have any questions or would like to discuss further, please feel free to contact me.

  - Flood Analysis Cross Sections

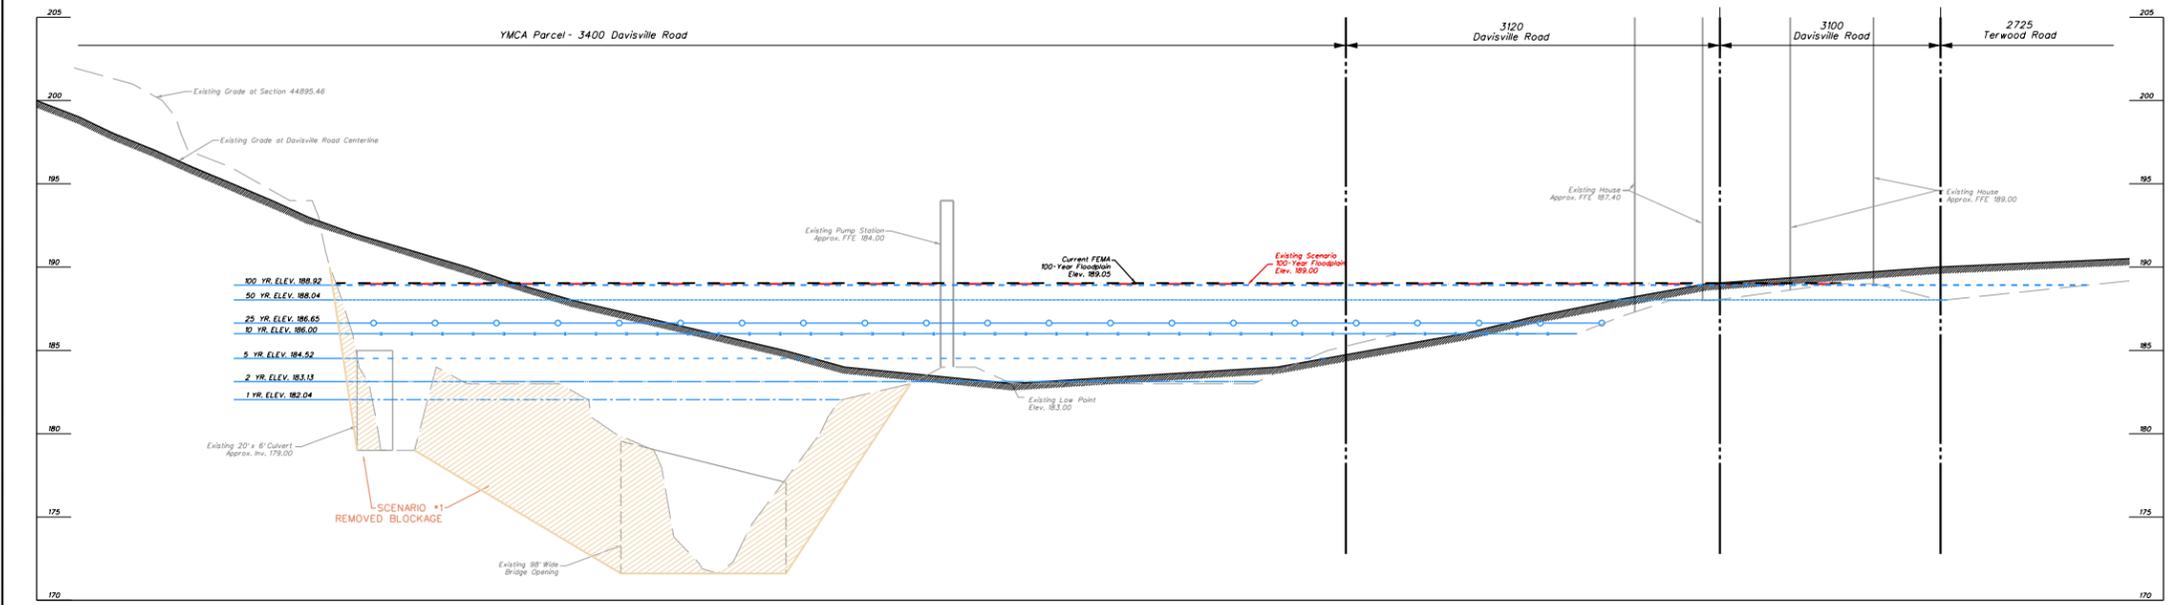

**Flood Attenuation Scenario Summary**

Existing

- The original flood analysis provided from FEMA was updated to reflect the existing surveyed topography.
- Added cross sections 444-88.69-445-88.69-446-88.69
- Replaced FEMA cross section 447-93.73 with new 448-17.65 & FEMA cross section 448-92.63 with new 448-95.46.

Scenario #1 (removed blockages)

- Blockages were removed from underneath the existing bridge at Davisville Road at upstream and downstream cross sections.

**Flood Elevation Summary (section 448-78.59 U)**

Storm Event	1-Year	2-Year	5-Year	10-Year	25-Year	50-Year	100-Year

Re: **UMPW DEPARTMENTAL REPORT**

## PUBLIC WORKS DIRECTOR'S NOTES

- Oversaw all day-to-day operations of the Public Works Department
- Repaired potholes throughout the Township.
- Reported street lights that are not working.
- Contacted Penn Dot about pothole concerns on all state roads within the Township.
- Reported traffic and street lights that needed attention.
- Responded to e-mails and phone calls from residents with questions or problems.
- Completed various reports and schedules to help with operations of the Public Works Department.
- Submitted application to PennDOT to use Liquid Fuel funds for the 2020 paving
- Installed inlet and 30' of drainage pipe on Warminster road to capture the underground spring that runs down to Byberry Road.
- Finished the repairing and replacing curbs for roads that will be paved in 2020
- Finished repairs at the compost site.
  
- **Vehicle Maintenance** - Township mechanics maintained all Township vehicles and equipment.
  
- **Storm Water Maintenance** - Township staff continues to inspect and repair all storm water inlets.

## SANITATION DIVISION

### May

During the month of May 2020, our Sanitation Division picked up 640 tons of compacted trash.

Since the last report period we had 18 bulk pick-ups. For the same period in 2019 we collected 16 bulk items

We collected 205 tons of yard waste since the last report period. For the same period in 2019, we collected 232 tons of yard waste.

We collected 7 electronic items (E-cycling) since the last report period. For the same period in 2019, we collected 16 electronic items.

## **McCloskey & Faber, P.C.**

**Landscape Architecture • Land Planning • Graphic Design**

---

**Date:** June 08, 2020 (prior report dated 05/05/2020)

**Subject:** Township Landscape Architect's Monthly Status Report

**Project:** Upper Moreland Township, Montgomery County, PA  
M&F Project No. 215

**From:** James R. Faber, ASLA

The following is a summary of our work during the previous month and pending work that we anticipate in the coming months. Developments with no activity for the previous months and/or are not on-going are included in our "Township Landscape Architect – Application Reviews and Field Work Schedule" spreadsheet (unless otherwise directed).

A. Landscape Architectural Plan and Field Reviews:

1. 551 N. York Road (Fairhill Commons)
  - a. Prepare for/attend virtual development staff meeting on May 13, 2020.
  
2. 3855 Blair Mill Road – Blair Mill Village East Storage & Laundry
  - a. General coordination with Applicant's Representative regarding additional street trees to be installed along Village Drive as required per plan approval.
  - b. Visit site on May 19, 2020 to review installed landscaping as a follow up from previous site visit/punch list.
  - c. Prepare and issue Record of Site Review memo on May 22, 2020 for May 19, 2020 site visit.
  
3. 2405 Maryland Road (Willow Pointe apartments)
  - a. Site visit on May 20, 2020 to observe installed landscaping to date. General coordination regarding same.

# McCloskey & Faber, P.C.

Township Landscape Architect's Monthly Report

May 08, 2020

Page 2

- b. Prepare and issue landscape plan markup punch list as a follow up to site review of May 27, 2020.

## B. Davisville Road improvements:

1. **Pending:** Awaiting further direction.

## C. Fair Oaks Park – Landscape Design:

1. Prepare Landscape Design and accompanying Plant Schedule (in progress); Prepare Plant Species plan legend including annotation of Native, Bird-friendly and Fall hazard trees and shrubs for review by Environmental Advisory Committee (EAC); General on-going coordination with Township Engineer and Township Director of Parks and Recreation; Prepare prints, meeting preparation and attend meeting at Park on May 22, 2020 with Parks and Recreation Director to review plan and neighbor concerns and to discuss proposed planting plan and to observe and annotate additional dead trees outside limits of disturbance for removal; Update Tree Inventory Plan and base information based on observations on May 22, 2020 meeting (in progress); Prepare and issue Progress Landscape Plan on May 29, 2020 for review by EAC; Project coordination and administration. (Project on-going.)

**FOUNDER**

Joseph W. McMahan, P.E.

**UPPER MORELAND TOWNSHIP  
MONTGOMERY COUNTY**

**PROJECT STATUS**

**June 4 , 2020**

**DAVISVILLE ROAD YMCA**

- YMCA access construction completed.
- Offsite HOP improvements commenced. Completion Required by 5/31/2020.
- Davisville Road Closure in effect for culvert replacement. Township and McMahan monitoring detour traffic.
- **Culvert placement completed. Roadway backfill and reconstruction underway. Contractor coordinating with PennDOT on final concrete bridge deck work. Work to be completed at Terwood prior to starting at Byberry again.**

**WARMINSTER ROAD BRIDGE RECONSTRUCTION**

- Full reconstruction of bridge along Warminster Road by PennDOT.
- Construction moved to 2021 per Township coordination with PennDOT
- Full road closure is required. McMahan reviewing detour route for potential impacts.
- Pedestrian flashing warning device at Mill Road reviewed by McMahan. No further comments.

**WILLOW GROVE TRAIN STATION RELOCATION**

- Meeting held with SEPTA to discuss restarting project. SEPTA programming capital project for 2022-2023 budget.

**ROUTE 611 BRIDGE OVER TURNPIKE RAMP**

- Township and McMahan to coordinate with Montgomery County Planning Commission to add the project to the State TIP.
- Township officials met with PennDOT and MCPC staff on 9/14/18 to stress the importance of the project. Both agencies committed to support the project during the next TIP update which started in 2019.
- Montgomery County Planning Commission requested DVRPC to reallocate funds from the TIP to improvements at the Willow Grove Interchange. Request was denied by DVRPC.

UPPER MORELAND TOWNSHIP, MONTGOMERY COUNTY  
PROJECT STATUS  
June 4, 2020

---

**2015 GREEN LIGHT GO GRANT**

- Approved for the installation of video detection at the intersections of Easton Road \ Blair Mill Road and Easton Road \ Fitzwatertown Road. Amount Requested - \$34,800. Township match \$34,800.
- Township approved an increase to the project cost for the intersection improvements in the amount of \$5,204.76. The project costs include approximately \$9,000 in contingency items for conduit replacement, etc.
- Video Detection installed at intersections. Awaiting Project Close-out by PennDOT.

**BYBERRY ROAD AND DAVISVILLE ROAD**

- Awarded Green Light Go Grant for traffic signal improvements at the intersection. Grant Award - \$252,520. Township match - \$63,130. – **Due to Covid-19, PennDOT has pulled the Green Light Go funding from the project. The Township can complete design and seek reimbursement for design services.**
- Awarded Montgomery County Transportation Program (CTP) funding for \$31,565 to be applied to Green Light Go match requirement. **County determining allocation of CTP funding due to cancellation of GLG funding.**
- Awarded PennDOT MTF for right-turn lane on Davisville Road in the amount of \$390,000.
- PennDOT comments addressed on HOP. Awaiting property owner coordination for permit.
- McCloskey and Faber prepared landscaping plans.
- Coordination meeting with utility companies held 10/9/19. **Awaiting PECO design for relocations.**
- Property Owner Coordination on going. Letters sent to Property Owners by Township in January 2020. **Responses received from 4 of the 6 property owners, with three signatures received. One property owner will require further discussion. Additional mailing sent in April 2020 for two property owner who did not respond. Awaiting responses.**
- Coordination with PennDOT for execution of agreement. **Agreement awaiting PennDOT signature.** Environmental Documentation completed and submitted to PennDOT 4/8/2020.

**BLAIR MILL ROAD**

- Coordination with Horsham Township for proposed improvements at the intersections of Blair Mill Road at Witmer Road \ Commerce Road and Easton Road. Horsham Township received \$3 million award from PennDOT MTF.
- McMahon developed concept plan for widening along Blair Mill Road at Easton Road to lengthen existing right turn lane to new traffic signal at Gibraltar Road and adding sidewalk along the southern side to connect to existing sidewalk.
- Horsham Township preference is to not add additional widening to their project.
- UMT to consider other grant opportunities to pursue separately.
- Upper Moreland contacted residents adjacent to proposed improvements.

**EASTON ROAD (PA 611) AND MILL ROAD/SYCAMORE ROAD**

- McMahon submitted formal request to PennDOT to prohibit large trucks from turning right from NB Easton Road to Mill Road.

UPPER MORELAND TOWNSHIP, MONTGOMERY COUNTY
