- V. **Old Business:** Mr. Stasio provided the following updates:

**Upper Moreland Township
Committees Meetings
March 19, 2018 - Meeting Minutes**

A. Masons Mill Park Parking Lot Expansion:

- The Township Solicitor is working to draft a long-term lease agreement to use Masons Mill Business Campus parking lot which includes a Lot Maintenance Plan. Mr. Stasio is obtaining estimates for sidewalks, crosswalk and signalization to ensure pedestrian safety, and will provide an update at a future Parks & Recreation Committee Meeting.
 - Donald Warner, 437 Tanner Road, commented on the \$90,000 cost of Masons Mill crosswalk, and suggested that the road be shaved thereby removing the hump to make the view observable from both directions, and save on costs for additional mechanisms.

B. Masons Mill Park Water and Sanitary Sewer Conversion:

- Meetings are ongoing between UMHJSA, Masons Mill Business Campus, Township Engineers, and Solicitors to plan a sewer connection with conversion estimated by September/October, 2018.
 - Commissioner Valenza inquired on the location of the sewer lateral connection. Mr. Stasio stated two options: the first, is to run a sewer line from the Park restroom straight across Masons Mill Road connecting into the Business Campus line which is 50 yards from Byberry Road. The second option is to turn a sewer line along Masons Mill Road and connect at Byberry Road. Details are being worked out to determine who the Township will pay and the fee for the connection.
 - Commissioner Lavelle commented that the best long-term scenario is to place the connection using the Township right-of-way and suggested that Mr. Stasio access the site plan and overlay the two scenarios for comparison. Mr. Stasio stated that he will make the plans available if the issue is not resolved by the Sewer Authority in time for the next Parks & Recreation Committee Meeting.
 - Mr. Shannon, a resident, commented on the Masons Mill Business Campus failed sewer system that occurred years prior and how the Township assisted them to resolve the issue. Mr. Stasio stated that the Business Campus has been very receptive to the Township's requests with no issues.

VI. New Business:

A. Spring Outdoor Township and School Facility Use: Mr. Stasio provided the following updates:

- All School District and Township outdoor fields permit requests are coordinated by the Parks & Recreation Department. The School District provides approval on a list of requests for their fields. Approximately 75% of requests are met, because of a shortage of facilities due to a number of groups that frequent them. The School District is developing a policy for their synthetic fields which will include availability and costs. Two School District fields that were resurfaced with sod last Fall are currently closed and will reopen in the Fall of 2018.

VII. Other Items:

A. Alan Sentman, President of Friends of Boileau Farm, briefly reviewed restorations and new projects occurring at the Farm. Mr. Sentman requested permission from the Board of Commissioners at the April 2, 2018 Regular Meeting to hold the Annual Spring Event on May 5, 2018 from 11 am to 3 pm at Boileau Park.

- Commissioner Spearing commented on a grant application for proposed stormwater management improvements at the Park and suggested the Park assist in encouraging

raingardens on neighboring properties. Mr. Sentman stated that the Park is aware of the grant application and is looking forward to working on the improvements.

B. Veterans Memorial Park Fountain – Mr. Schaible provided the following updates:

- James Faber, Township Landscape Architect, McCloskey & Faber, is reviewing options and preparing estimates to restore the Fountain.

VIII. **Visitor Comments** - Nothing to report.

IX. **Commissioner Comments** - Nothing to report.

X. **Adjournment** - There being no further business for this Committee, the meeting was adjourned at 8:00 p.m.

Respectfully submitted by Kathleen Kristire.
