

UPPER MORELAND TOWNSHIP
Environmental Advisory Council
Meeting Minutes
June 1, 2022

In attendance were:

Lynnette Saunders, EAC Chair
Jean Scherfcunningham, secretary EAC
Constantine Woznyj, EAC
Jim Morrison, EAC
Karl Pfizenmayer, EAC
Mark & Donna Rosenbaum
Hank Sokolowski, EAC

Minutes of May were approved with corrections.

Outdoor Education Center. Margie, Hank and Lynnette met with landscape architect. June 7th is another meeting.

Plastic bag survey – leave survey up at the library for a few more weeks. There is concern over the survey design in that it is easy for one person to submit multiple votes as there was no requirement to put a name or email address.

Dog Park – Lynnette and Shawn met with Pat Stasio. He seemed open to planting there with the idea of creating a forest.

The Woodlawn School Park public meeting. Jean and Constantine attended. All kinds of ideas were suggested. We requested native trees and shrubs be planted. The benefits of natives were also mentioned. There will also be 3 focus groups to meet. The next public meeting is Sept 25

Constantine was at an event where they had an ice cream vendor, Humpty Dumpty, and thought we could consider having an ice cream vendor for the next Earth Day event.

The final route of the Cross County Trail has been chosen

our 'to do list' OEEC, reforestation sites (Middle School, YMCA, creek next to dog park (approved), Pennypack Creek at Warminster Road near apartments), water bottle filling fountain at Masons Mill Park, plant shade tree(s) in conspicuous location(s) with an educational sign on how trees affect the water cycle and clean the air, etc. (small trees near entrance of each school?) Do a row of shrubs along MS bioswales?, reduce the use of Roundup on public and school grounds, MS sign.

Adjourned at 8:03 PM
